

Leprosy is a clear metaphor for all kinds of sickness, loneliness and how we pigeon-hole people, the person who may seem an 'outsider'. It's a clear call to check ourselves on how we "classify" or "label" people. How much do we condemn others to loneliness and isolation, maybe without even realising it? And today it happens in far more sophisticated - 'cyber' ways - as we know only too well. It is so easy to exclude, and go contradict Jesus' teachings, and the basics of faith and church. Did Reg have to die alone, with no-one to visit and comfort him?

*God Bless you, Fr. Paul*

# OUR LADY OF RANSOM PARISH NEWSLETTER

Reg lay dying in the hospital. A youngish man. The nurse rang me and asked about Catholics "doing a blessing or something" for someone who is very poorly. She told me about Reg. I went straight away and gave him the last sacraments. To my horror I found he had had no visitors since being admitted, over a week. I had been the only one to go in, hold him, pray, and mop his brow. He died two days later. I gave him a "charity" funeral. The only person who came to his funeral was - me.

How is it in today's world of technology and electronic communication, people can be so lonely? Shouldn't it be the opposite? Maybe we are so complacent with electronic communication that we forget how to "be with" people - in the flesh.

It is said that the biggest disease today is not so much heart or stroke, but loneliness. Our church must counteract loneliness, that is why church is about community, communion, holy communion - being with people. Anything that contradicts that must be an evil. Jesus clearly counteracts this evil in his ministry. So much so, that today we see him "touch" a leper, and so incurring an unclean status on himself. He has now begun his journey of solidarity with the sick and the lonely. His cures always include reinstating people back into community. Sickness in Jesus' day always implied sin, isolation and loneliness. So healing is always about forgiveness and putting someone back to be with people.

Jesus both breaks the rules by touching the leper (see the first reading), and keeps the rules, by encouraging the man to show himself to the priests. Sheer genius.

### 3. World Youth Day

January 16<sup>th</sup> – 30<sup>th</sup> 2019. Travel with the Brentwood Catholic Youth Service to Costa Rica and Panama; gather with over a million young people from across the world, together with our Pope. Age 17(school year 12)-27 when we travel. Cost £1,750. More details of this "once in a lifetime" opportunity at [www.bcys.net](http://www.bcys.net), email [frdominic@dioceseofbrentwood.org](mailto:frdominic@dioceseofbrentwood.org) or come to the information evening on Sunday 18<sup>th</sup> February 5.00-8.00pm, Walsingham House at Abbotswick, Navestock Side, Nr Brentwood, CM14 5SH. Places are very limited.

Leprosy is a clear metaphor for all kinds of sickness, loneliness and how we pigeon-hole people, the person who may seem an 'outsider'. It's a clear call to check ourselves on how we "classify" or "label" people. How much do we condemn others to loneliness and isolation, maybe without even realising it? And today it happens in far more sophisticated - 'cyber' ways - as we know only too well. It is so easy to exclude, and go contradict Jesus' teachings, and the basics of faith and church. Did Reg have to die alone, with no-one to visit and comfort him?

*God Bless you, Fr. Paul*

# OUR LADY OF RANSOM PARISH NEWSLETTER

Reg lay dying in the hospital. A youngish man. The nurse rang me and asked about Catholics "doing a blessing or something" for someone who is very poorly. She told me about Reg. I went straight away and gave him the last sacraments. To my horror I found he had had no visitors since being admitted, over a week. I had been the only one to go in, hold him, pray, and mop his brow. He died two days later. I gave him a "charity" funeral. The only person who came to his funeral was - me.

How is it in today's world of technology and electronic communication, people can be so lonely? Shouldn't it be the opposite? Maybe we are so complacent with electronic communication that we forget how to "be with" people - in the flesh.

It is said that the biggest disease today is not so much heart or stroke, but loneliness. Our church must counteract loneliness, that is why church is about community, communion, holy communion - being with people. Anything that contradicts that must be an evil. Jesus clearly counteracts this evil in his ministry. So much so, that today we see him "touch" a leper, and so incurring an unclean status on himself. He has now begun his journey of solidarity with the sick and the lonely. His cures always include reinstating people back into community. Sickness in Jesus' day always implied sin, isolation and loneliness. So healing is always about forgiveness and putting someone back to be with people.

Jesus both breaks the rules by touching the leper (see the first reading), and keeps the rules, by encouraging the man to show himself to the priests. Sheer genius.

Age 17(school year 12)-27 when we travel. Cost £1,750. More details of this "once in a lifetime" opportunity at [www.bcys.net](http://www.bcys.net), email [frdominic@dioceseofbrentwood.org](mailto:frdominic@dioceseofbrentwood.org) or come to the information evening on Sunday 18<sup>th</sup> February 5.00-8.00pm, Walsingham House at Abbotswick, Navestock Side, Nr Brentwood, CM14 5SH. Places are very limited.

Leprosy is a clear metaphor for all kinds of sickness, loneliness and how we pigeon-hole people, the person who may seem an 'outsider'. It's a clear call to check ourselves on how we "classify" or "label" people. How much do we condemn others to loneliness and isolation, maybe without even realising it? And today it happens in far more sophisticated - 'cyber' ways - as we know only too well. It is so easy to exclude, and go contradict Jesus' teachings, and the basics of faith and church. Did Reg have to die alone, with no-one to visit and comfort him?

*God Bless you, Fr. Paul*

# OUR LADY OF RANSOM PARISH NEWSLETTER

Reg lay dying in the hospital. A youngish man. The nurse rang me and asked about Catholics "doing a blessing or something" for someone who is very poorly. She told me about Reg. I went straight away and gave him the last sacraments. To my horror I found he had had no visitors since being admitted, over a week. I had been the only one to go in, hold him, pray, and mop his brow. He died two days later. I gave him a "charity" funeral. The only person who came to his funeral was - me.

How is it in today's world of technology and electronic communication, people can be so lonely? Shouldn't it be the opposite? Maybe we are so complacent with electronic communication that we forget how to "be with" people - in the flesh.

It is said that the biggest disease today is not so much heart or stroke, but loneliness. Our church must counteract loneliness, that is why church is about community, communion, holy communion - being with people. Anything that contradicts that must be an evil. Jesus clearly counteracts this evil in his ministry. So much so, that today we see him "touch" a leper, and so incurring an unclean status on himself. He has now begun his journey of solidarity with the sick and the lonely. His cures always include reinstating people back into community. Sickness in Jesus' day always implied sin, isolation and loneliness. So healing is always about forgiveness and putting someone back to be with people.

Jesus both breaks the rules by touching the leper (see the first reading), and keeps the rules, by encouraging the man to show himself to the priests. Sheer genius.

Age 17(school year 12)-27 when we travel. Cost £1,750. More details of this "once in a lifetime" opportunity at [www.bcys.net](http://www.bcys.net), email [frdominic@dioceseofbrentwood.org](mailto:frdominic@dioceseofbrentwood.org) or come to the information evening on Sunday 18<sup>th</sup> February 5.00-8.00pm, Walsingham House at Abbotswick, Navestock Side, Nr Brentwood, CM14 5SH. Places are very limited.

Leprosy is a clear metaphor for all kinds of sickness, loneliness and how we pigeon-hole people, the person who may seem an 'outsider'. It's a clear call to check ourselves on how we "classify" or "label" people. How much do we condemn others to loneliness and isolation, maybe without even realising it? And today it happens in far more sophisticated - 'cyber' ways - as we know only too well. It is so easy to exclude, and go contradict Jesus' teachings, and the basics of faith and church. Did Reg have to die alone, with no-one to visit and comfort him?

*God Bless you, Fr. Paul*

# OUR LADY OF RANSOM PARISH NEWSLETTER

Reg lay dying in the hospital. A youngish man. The nurse rang me and asked about Catholics "doing a blessing or something" for someone who is very poorly. She told me about Reg. I went straight away and gave him the last sacraments. To my horror I found he had had no visitors since being admitted, over a week. I had been the only one to go in, hold him, pray, and mop his brow. He died two days later. I gave him a "charity" funeral. The only person who came to his funeral was - me.

How is it in today's world of technology and electronic communication, people can be so lonely? Shouldn't it be the opposite? Maybe we are so complacent with electronic communication that we forget how to "be with" people - in the flesh.

It is said that the biggest disease today is not so much heart or stroke, but loneliness. Our church must counteract loneliness, that is why church is about community, communion, holy communion - being with people. Anything that contradicts that must be an evil. Jesus clearly counteracts this evil in his ministry. So much so, that today we see him "touch" a leper, and so incurring an unclean status on himself. He has now begun his journey of solidarity with the sick and the lonely. His cures always include reinstating people back into community. Sickness in Jesus' day always implied sin, isolation and loneliness. So healing is always about forgiveness and putting someone back to be with people.

Jesus both breaks the rules by touching the leper (see the first reading), and keeps the rules, by encouraging the man to show himself to the priests. Sheer genius.
